

Woodcreek

D E N T A L C A R E
SMILE REJUVENATION • COMFORT • SEDATION

We would like to take the opportunity to welcome you to our practice of Family and Cosmetic Dentistry.

We consider it a major part of our responsibility to help you understand and plan for your oral health needs in the years ahead; to fully appreciate the relationship of your mouth and teeth to your total health: to fully understand the meaning of prevention and to learn the procedures and discipline necessary to be free of dental decay and gum disease.

At Woodcreek Dental Care, we strive to be perceptive and sensitive to the feelings of our patients at all times; to be empathetic to their physical and emotional needs. Above all, we strive to give each patient the best quality dental care; constantly updating our knowledge and methodology and always using state of the art equipment and materials. You can be assured you are receiving the very best in dental care!

Before any treatment is undertaken, we consult with you, so that there is a full understanding of the need, the procedures by which treatment will be rendered.

Please keep in mind that we are always welcoming new patients and would love to meet your friends, family, or co-workers. Thank you for choosing Woodcreek Dental Care, we look forward to seeing you again soon.

Yours in the interest of better dental health,

Dr., Bruce A. Hartley
